FALL 10

16 NEW STYLES

COLOR STORY

PRECIOUS STONES AND WARM HUES

As winter approaches, an icy mood inspires the Fall colors with colored crystals and stone-flavored acetates. Blue zircon and amethyst are deeply soothing and uplifting.

Moving forward in time to a more 80's throwback look. Introducing P3 shapes and some bold retro cats. Nerds meet ugly Betty meet design geeks!

3 NEW BETAPLAST

MIXING RETRO MODERN THEMES

Two men's and one women's styles in the continuation of the innovative project started 18 months ago, combining hand-colored titanium with rich Japanese acetates.

6 PURE TITANIUMS

FEATURING THE BETAHINGE AND A 4MM TITANIUM

In milled titanium, bevel has searched the garden for inspiration! Zucchini meets aubergine, with a splash of burgundy to keep them company. Stones and ocean crystals permeate the spectrum of colors. It's time to keep warm!

Reintroducing a refined 4mm titanium. Extremely difficult to make, this is one solid frame! Look for more in coming collections.
